

Timothy Unghart, designer of OCAP cover

# Student wins with design

By Rodney Gibbard

When the new OCAP forms come out this Spring, the student of the graphics design program at George Brown College will have the pleasure of seeing his work published and distributed — 100,000 copies of his work, throughout Canada.

Last fall, OCAP announced the third-year graphic design and set up a competition, the subject of which would require poets of the future of seeing the design published. Several poets met last March with the OCAP, and everyone in the class received his or her own copy of the book.

Unghart, a 20-year-old student of Gibbard's as well as administrative manager for the OCAP Student Association at George Brown College, was the winner of the contest. He was the only student to win the OCAP competition, the student working for The OCAP Student Group of Toronto March 11.

"Working for them is a lot to be proud," said Unghart. "I'm proud of my work and the fact that I was the first person to win the OCAP award."

Unghart has also been involved in other projects at school. "I've been doing a lot of work on the OCAP award," he said.

"I've been doing a lot of work on the OCAP award," he said.

Unghart's work was the only one to be made a good thing in an article in the OCAP award.

Unghart is interested in the OCAP award. He has been working on the OCAP award since last year.
